

25/25 Munich Germany

Munich is one of the most important centres of culture and economy in Germany and one of Europe's booming cities. The mixture of urban lifestyle, nature, tradition and avant-garde, makes it fascinating. It is cosy and sophisticated at the same time. Due to its almost Mediterranean atmosphere, Munich is called the northernmost city of Italy.

Essentials

- 01 If you want to feel the city's heartbeat go to the Viktualienmarkt. It offers much more than fresh food, flowers and souvenirs.
- 02 Walk through the Glockenbachviertel, Munich's fashionable neighbourhood.
- 03 Only one minute away from fancy Maximilianstrasse is the Hofgarten. Pause here for a moment and enjoy watching the boule players and tango dancers (only on Sundays).
- 04 Touch the shiny nose of one of the four lions in front of the Residenz for luck.
- 05 Visit one of Munich's beautiful beer gardens for food and drink.
